Sage Accpac Providers in Toronto and Florida Join Forces and Become GWA Business Solutions, Inc.

Toronto-area Gail Wilson & Associates and Florida-based SUN Business Information join forces to provide Sage Accpac, Sage BusinessVision, Sage CRM, and technology consulting services to businesses throughout the Southeast United States as well as Canada and the Caribbean.

Toronto, Canada and Coral Springs, Florida – February 16, 2010 – Toronto-area Sage Select Partner Gail Wilson & Associates, Inc., (www.gail-wilson.com) has acquired SUN Business Information (www.sunbusinessinfo.com), a Sage Accpac provider serving Florida and the Caribbean, and will operate the new business under the name GWA Business Solutions, Inc. With locations now in Canada, Florida, Cayman Islands, and Bahamas, the new firm will enable Gail Wilson & Associates to provide Sage Accpac, Sage BusinessVision, Sage CRM, and other technology consulting services to businesses throughout the Southeast United States as well as Canada and the Caribbean.

William (Bill) Dubinsky, CPA, SUN Business Information founder explained, "After years of successful collaboration with Gail Wilson & Associates on a variety of Sage Accpac projects here in the Southeast, we both recognized the benefit to our respective clients in combining forces. We have similar corporate cultures and our strengths, our technology product mix and our markets are all complementary." He adds, "We already knew we worked well together, so the transition is virtually seamless."

Gail Wilson, founder and president of Gail Wilson & Associates, explained how an international presence and expanded Sage product portfolio will benefit clients. "The great thing about the partnership is we can continue providing the specialized personal attention that generated both companies' prior success while offering a wider range of technologies and consulting services." She continues, "Our Sage Accpac implementation in Africa earlier this year demonstrated the validity and strength of our international business model. Now, with offices in Toronto and Florida, we reach throughout the Southeastern United States, Caribbean, and Bahamas." More information about the Sage Accpac implementation in Africa can be found at http://www.gwabiz.com/gwa-drupal/sites/default/files/GWA_Accpac_Worldwide_PR.pdf.

Tongue firmly in cheek, Gail Wilson adds, "Of course, if our Canadian staff has to travel to Florida in the winter, we'll just have to cope with all that sunshine."
